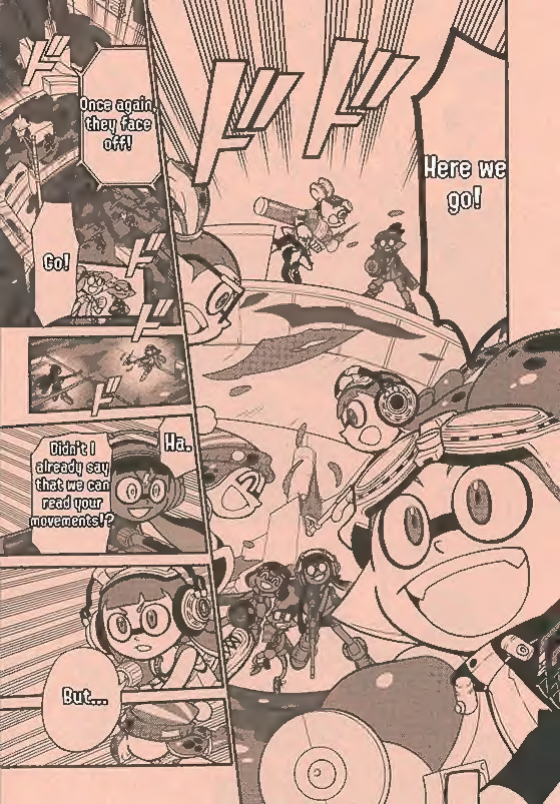
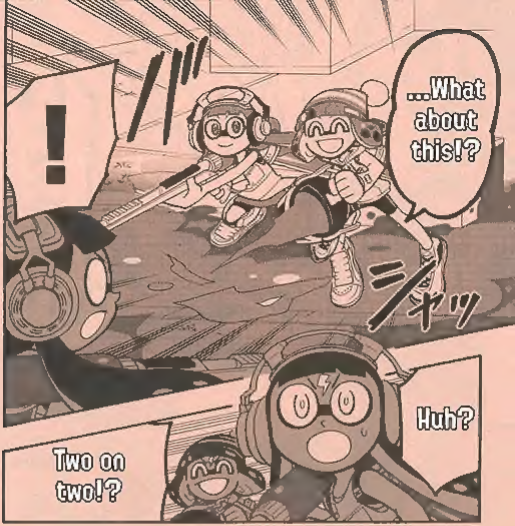
Fh.
He's pissing me off... He's a moron. Why!?
Waa- I got so stirred, I ended up stripping!
Moron
Even the Shadows are calling him a moron!

Are you ready?
Bring it.

Yeah!

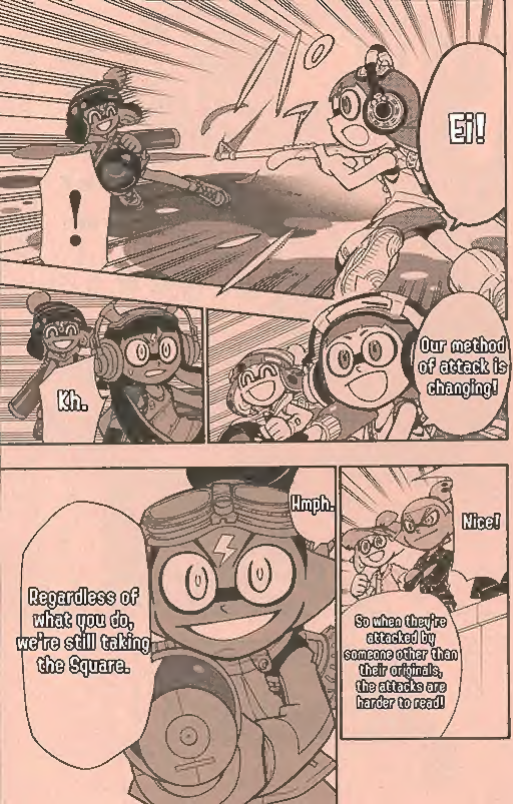


Here we go!
Once again, they face off!
Go!
Ha.
Didn't I already say that we can read your movements!?
But...



!
...What about this!?
シャッ
Huh?
Two on two!?

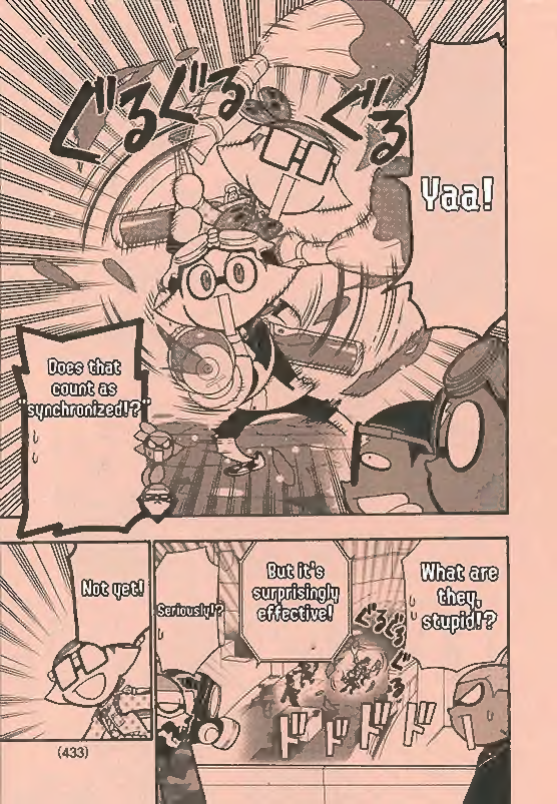
Hmph.
Yeah!
シャッ
For real. Pissed~
What's so different from one on one!?



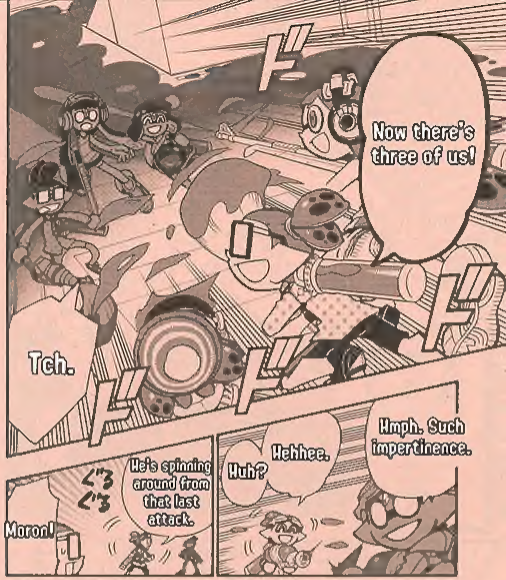
Ei!
!
Our method of attack is changing!
Kh.
Nice!
So when they're attacked by someone other than their originals, the attacks are harder to read!
Hmph.
Regardless of what you do, we're still taking the Square.

ドドドドド
We're not handing it over!
Interesting!
Hohee~
It's two on two here, too!

We're synchronizing our attacks.
Yeah!



ぐるぐる ぐる
Yaa!
Does that count as "synchronized!?"
What are they, stupid!?
But it's surprisingly effective!
Seriously!?
ぐるぐる
ドドドド
Not yet!



Now there's three of us!
Tch.
Hmph. Such impertinence.
Hehhee.
Huh?
He's spinning around from that last attack.
Moron!
Run!
Leave it to me!

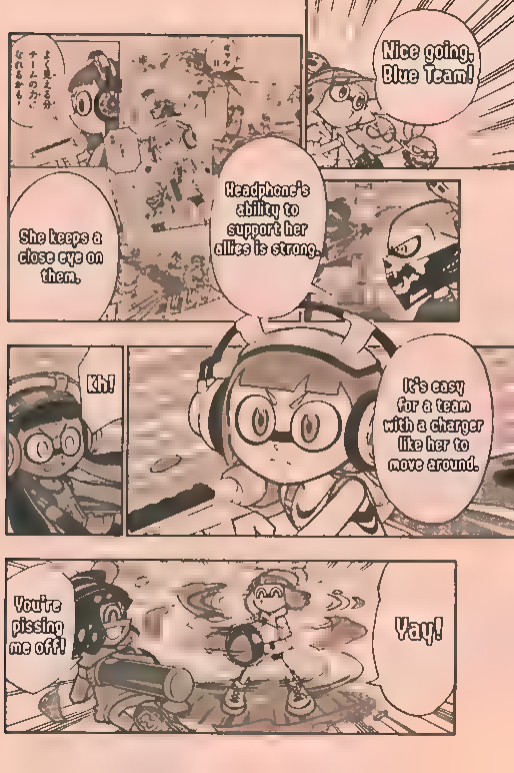
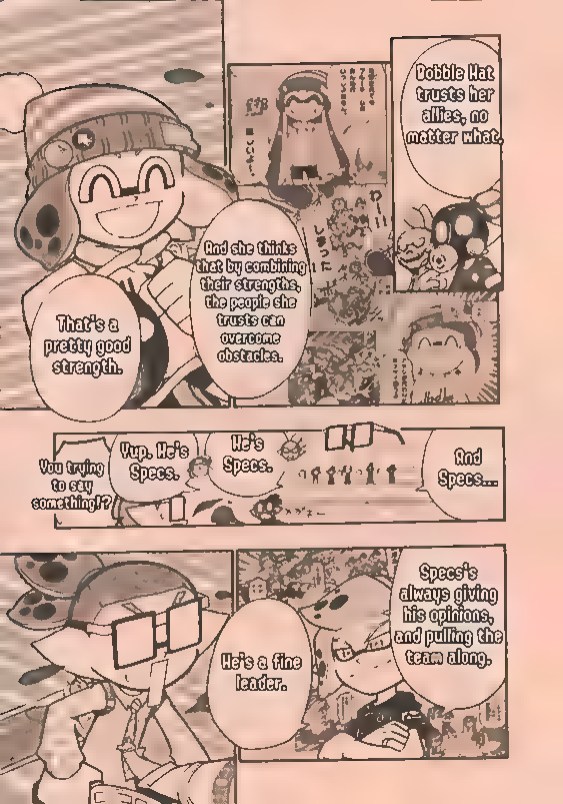
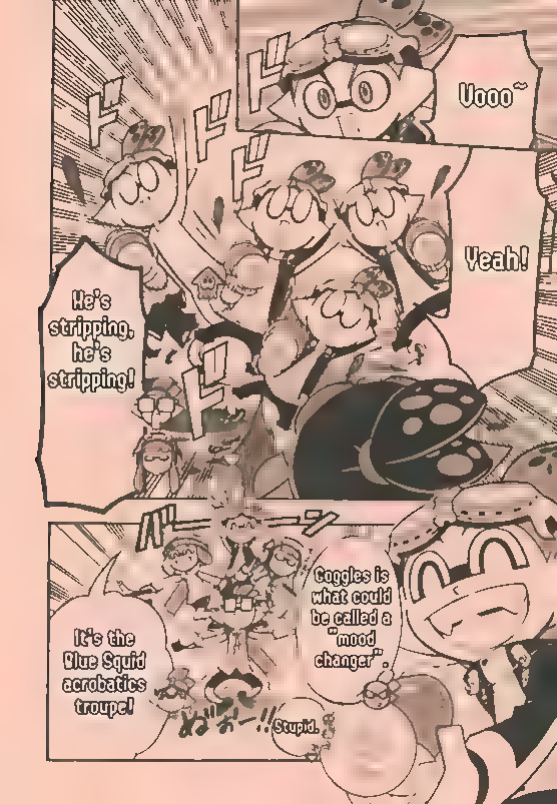
We're pressing back against the Shadow Team!
Nice!



Nice going, Blue Team!
Headphone's ability to support her allies is strong.
She keeps a close eye on them.
Kh!
It's easy for a team with a charger like her to move around.
You're pissing me off!
Yay!



That's a pretty good strength.
And she thinks that by combining their strengths, the people she trusts can overcome obstacles.
Dobble Hat trusts her allies, no matter what.
You trying to say something!?
Yup. He's Specs.
He's Specs.
And Specs....
He's a fine leader.
Specs's always giving his opinions, and pulling the team along.



Uoooˇ
Yeah!
He's stripping, he's stripping!

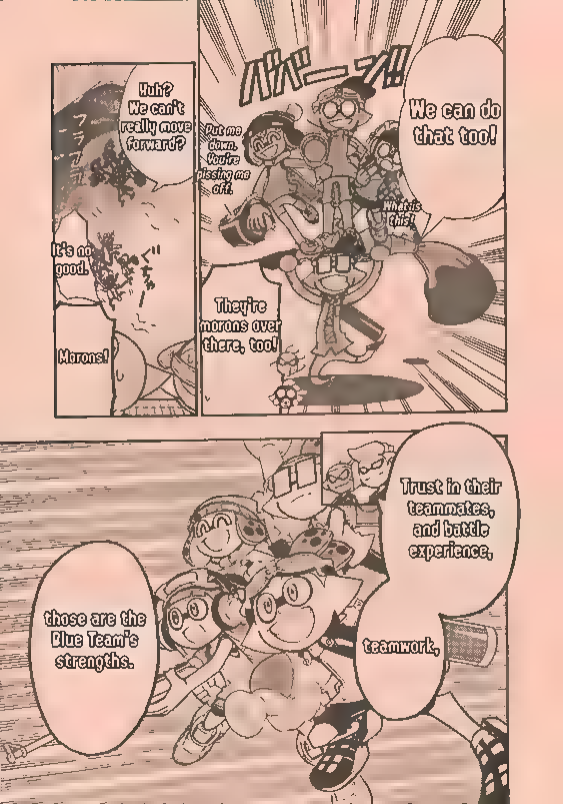
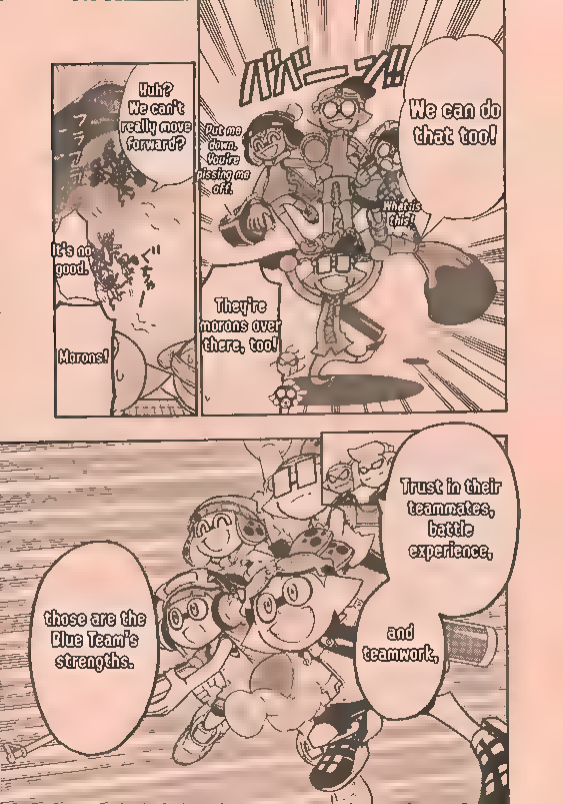
Goggles is what could be called a "mood changer".
It's the Blue Squid acrobatics troupe!
ぬぉー!!
Stupid.



Huh? We can't really move forward?
It's no good.
Morons!
They're morons over there, too!
But no dawn. You're pissing me off.
What is this?
We can do that too!
Those are the Blue Team's strengths.
Trust in their teammates, and battle experience,
teamwork,



Huh? We can't really move forward?
It's no good.
Morons!

But no dawn. You're missing one arm.
We can do that too!

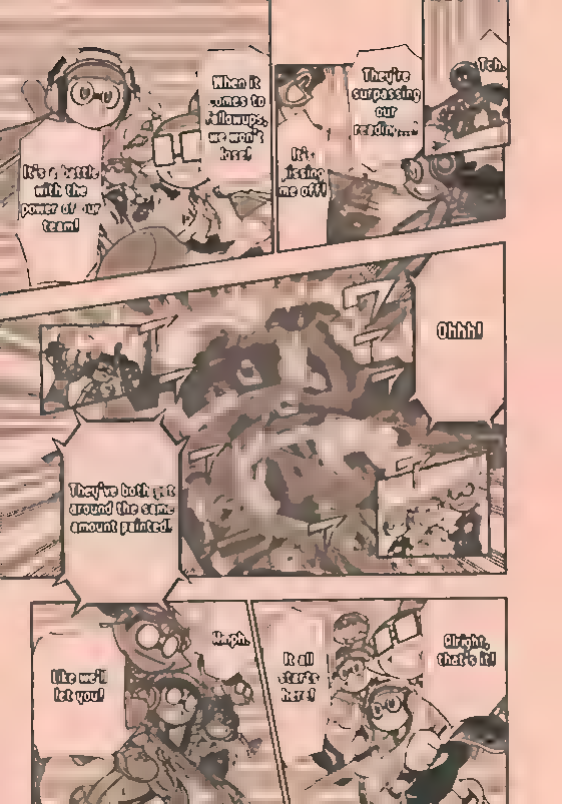
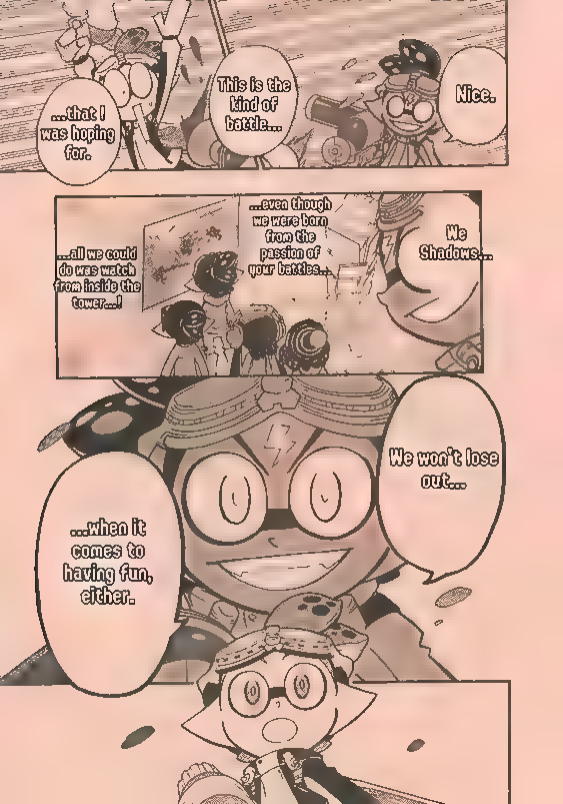
those are the Blue Team's strengths.



It's a battle with the power of our team!
When it comes to allowups, we won't lose!
It's losing me off!
They're surpassing our reaction speed!
Tch.
Ohhh!
They've both put around the same amount pointed.
Like we'll let you!
Woph.
It all starts here!
Alright, that's it!

ドドド
Neither side's letting up!
It's an intense battle!
ドドド
Not yet!
Not bad.
Fh.

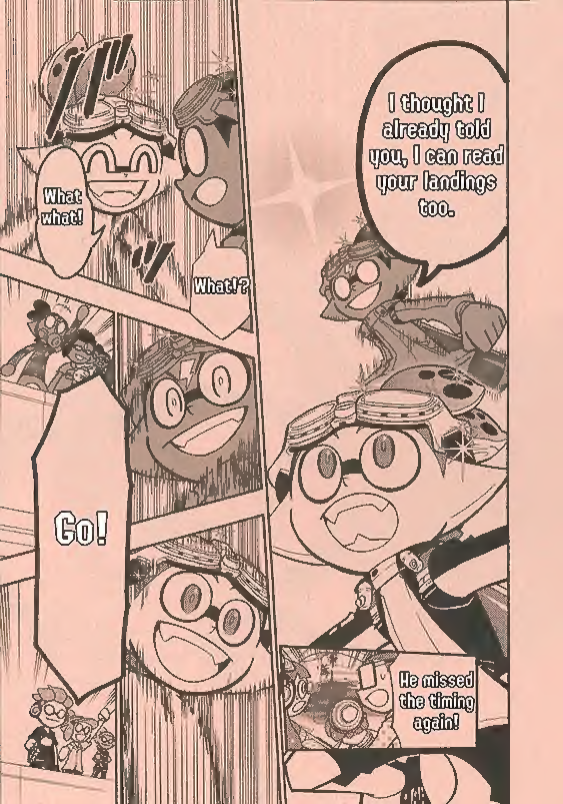


...that I was hoping for.
This is the kind of battle...
Nice.
...all we could do was watch from inside the tower...!
...even though we were born from the passion of your battles...
We Shadows...
...when it comes to having fun, either.
We won't lose out...

Neither will we!
Fh.

The battle's getting even more heated!
Leave it to me!
You'll lose if you can't push him back!
But Shadow Goggles can't be stopped!

I can push him back!
ヒリャ――!!
You're being way too straightforward!
Fh.



I thought I already told you, I can read your landings too.
He missed the timing again!
What what!
What!?
Go!
